DEMOCRATS SWITCH TO WILSON TODAY; BRYAN VICTORY

SHARP FIGHT OVER SOUTH DAKOTA CONTEST ENDS IN THE ADOPTION OF MINORITY REPORT.

POLICE HAVE TO STOP FIGHTS

RIVAL CLARK AND WILSON DELEGATES ENGAGE IN A FREE-FOR-ALL BATTLE.

ILLINOIS AND NEW YORK FOR WILSON

These Two States Vote Solidly for Adoption of Minority Report on South Dakota—Objectors Hissed Down—Bryan and O'Gorman to Form Platform Planks—May Nominate a President Tonight in Mid-night Session.

Convention Hall, Baltimore, Md., June 27.—Special to the Telegraph.—When Chairman Parker called the democratic convention to order at 12:40 o'clock this afternoon, it was evident that a bitter fight would develop over the report of the credentials committee on the South Dakota cases, the minority of the credentials committee having decided to submit a report unseating the South Dakota delegation, which had been seated unanimously by the national committee.

Just before Parker called the convention to order Mrs. Howard Taft, the first lady of the land, entered the convention hall as the guest of Mrs. Norman Mack, and she received a hearty ovation as she took her seat.

Morris Starts Fight.

When the convention had become quiet, following the call to order, Rolland S. Norris of Philadelphia started the fireworks by presenting the minority report of the credentials committee, favoring seating the Wilson delegates from South Dakota. Ex-Governor McCorkle of West Virginia led the debate against the minority report.

Bel Opposes Bryan.

Theodore Bell of California, who was temporary chairman of the last democratic national convention, followed McCorkle, and he arraigned himself against Bryan by making the closing argument in favor of the majority report of the credentials committee in the South Dakota contests. He was interrupted frequently by demonstrations which started in the galleries.

Clark Follows Rally.

The Clark followers, not to be outdone by the Bryan demonstrations which disconcerted Bell's argument, stated a counter demonstration in favor of the speaker which finally resulted in a fight on the floor of the convention, which was quickly subdued by the officers.

New York Split.

At this stage of the proceedings the Wilson delegates started a parade around the convention hall and the New York delegates split, a portion of them breaking away from their section and joining the Wilson parade, carrying a Wilson banner.

The police finally stopped the fights which had started on the floor but were unable to prevent the Wilson parade. State standards were torn from the floor and carried to the rallying point. Cries for Bryan from all sections of the galleries were heard above the uproar by the delegates.

Clark Demonstration Fails.

The demonstration for Wilson continued 23 minutes and when it had subsided a woman tried to start a Clark movement by parading about the hall carrying a Clark banner, but her efforts failed. When Bell attempted to resume his argument in favor of the committee on the South Dakota contests he was hissed down by delegates and spectators and was unable to continue.

When Bell gave up his efforts to make himself heard Chairman Parker ordered a roll call on the motion to adopt the minority report of the credentials committee.

Bryan Wins Victory.

And in this vote Bryan won another big victory for the minority report, seating Wilson delegates in South Dakota was adopted by the convention by a vote of 629 to 415. Illinois and New York Switch.

The Illinois and New York delegations voted solidly with the Bryan forces for the adoption of the minority report, thus indicating a desire to switch to Wilson.

Bryan Drafts Platform.

The drafting of platform planks which will be adopted by the convention has been referred to W. J. Bryan of Nebraska and O'Gorman of New York.

These gentlemen will report to the sub-committee at 4 o'clock and to the full committee at 7.

Mrs. Taft Smiles.

Permanent Chairman Ollie James, in his speech, execrated President Taft for his veto of the democratic tariff bills, and Mrs. Taft, who was seated on the platform, smiled as if vastly amused.

Chairman James made an indirect reference to Bryan, and his remark caused a tremendous ovation for the Commoner.

The convention adjourned until 8 o'clock tonight.

GET NEW BIDS ON DRAINAGE JOBS

INLET DRAINAGE COMMISSIONERS ARE TODAY RECEIVING NEW BIDS ON BIG WORK.

A large number of contractors are in Dixon today, the result of the second call for bids issued by the commissioners of the Inlet drainage district. It will be remembered that the commissioners received bids for the big contract some time ago, but that all of the bids then received were rejected by the commissioners, who believed that they were too high. The commissioners will not be able to complete the investigation and checking up of the bids received until some time tomorrow.

AGED MAN INJURED BY FALL ON BRIDGE

BENJAMIN CRAMER THROWN FROM WAGON ON BRIDGE AND SUFFERS FRACTURED BONES.

Benjamin Cramer, an aged man, was seriously hurt last evening at about 5 o'clock while driving across the Galena avenue bridge. He was standing on the load and when he tried to turn from the car tracks he was thrown to the bridge floor. He struck on his left first, then fell forward onto his face.

He was unable to rise and had to be taken to the hospital in an automobile, where it was found that beside bruises about the head and face he had suffered an impact fracture of the left hip which, because of his age will prove serious.

AUTO TRUCK IN TROUBLE.

A big auto truck, owned and driven by Roy Woods of Sterling, came to grief east of this city late yesterday afternoon when Woods drove the machine into an obstruction, driving the electric horn back into the connections of the magneto, the result being a short circuit which prevented the operation of the engine. The truck was towed back to this city, where the necessary repairs were made.

WINNEBAGO COUNTY IS STRONG FOR ROOSEVELT

Three Out of Every Five Voters Favor Colonel.

Rockford, June 27.—Roosevelt sentiment is sweeping through Winnebago county with the proportions of a prairie fire and looks now as if it would mow down all before it. If the momentum is kept up Roosevelt will have as large a majority as the republican party was once in the habit of giving its candidates.

The sentiment for Roosevelt is confined to no section or class but takes in bankers, manufacturers, merchants, professional men, farmers and workmen. It is said that the old soldiers are lining up for the popular former president like a solid phalanx.

OVERCOME BY HEAT.

Louis, the little son of Mr. and Mrs. George Graves of South Dixon, was overcome by the heat yesterday and required the services of a physician.

UNIT RULE IS WIPED OUT BY BIG CONVENTION

Ancient Custom of Democratic Party Done Away With by a Vote of 556 to 498.

PLEASES WILSON MEN

Auditorium Packed to the Doors When Chairman Parker Rapped Night Session to Order.

COMMITTEE ON RULES REPORT

Body Urged That Resolution Committee Should Not Report Until After Candidates for President and Vice-President Were Nominated—Suggestion Was Adopted by Meeting—Gov. Wilson Followers Start Demonstration for Him Which Lasts for Over 30 Minutes Without Any Practical Results—Convention Adjourns to Noon Today.

Baltimore, June 27.—The second real battle of the convention was fought and won after a four-hour session over the question of whether the unit rule shall prevail.

There was a marked difference of opinion in many of the delegations and that ancient custom of the Democratic party was finally wiped out after a long debate, by a vote of 556 to 498.

The contest was waged over the decision of the Ohio state convention to instruct the entire delegation from that state to vote for Judson Harmon. In the delegation from that state to vote were nineteen Wilson men elected as district delegates with preferential instructions from their several districts. Ohio, however, is not the only state affected, as Pennsylvania, which is largely for Wilson, will under the ruling of the convention cast 36 votes for Clark after the first ballot, when their primary obligations will expire.

There was no attempt by the managers of the various candidates other than Governor Wilson, to influence the delegates one way or the other, and the result is without significance as indicating the outcome of the convention when it comes down to the vote for president.

New York, Pennsylvania, New Jersey, Indiana, and Illinois voted as they did on the fight for temporary chairman, while Mississippi, for example, and Alabama, Florida, Indiana, Louisiana and Maine, which voted largely for Parker, voted to sustain the minority report in favor of the abolition of the unit rule.

The defeat of the unit rule was hailed as a great Wilson victory in a session marked by a prolonged Wilson demonstration.

Convention Hall Warm.

There were many empty seats on the floor of the hall and in the gallery when the hour sounded for the beginning of the night session.

The heat was so intense that nearly every delegate and many of the men spectators peeled to their shirts and whipped out fans. There was soon a billowy sea of wind driven in operation. Yet perspiration trickled down the faces and into the shoes of everybody. The band struck up "Auld Lang Syne." The throng arose simultaneously and a chorus of 10,000 joined in the refrain.

At 8:30 p. m. Chairman Parker rapped for order. Rev. D. O. Crouse of the Mount Royal Methodist Episcopal church offered prayer.

By this time the hall was packed to the doors. So choked was the entrance to the main aisle that Chief Doorkeeper Charlie White and a corps of deputies had to force a path for Charles Murphy, who came in with Lewis Nixon and Senator O'Gorman. Then Chairman Parker recognized Chairman Covington of the committee on rules. Covington took the platform and read his report.

Committee on Rules Reports. It declared for the presentation of the report of the committee on credentials first and urged that the resolutions committee should not report until after the candidate for president and vice-president were nominated.

He argued that the suggestion of Senator Rayner of Maryland and Vardaman of Mississippi to delay the platform report until the candidates had been selected, a suggestion approved by the committee on resolutions, be accepted. The rules report was adopted by the convention with unanimity.

Later Chairman Covington offered a majority report resolution from his committee primary for a rule that all instructed delegations shall follow instructions so long as a majority of members of the delegations are of the

opinion that such instructions are applicable.

Mingled cheers and protests greeted this proposition. They were repeated when Mr. Covington announced that Congressman Robert L. Henry of Texas would report a minority report in behalf of 15 members of the committee on rules. He protested in behalf of the Bryan delegates.

Representative Henry then took the floor. "The Democratic party must not strike a blow at the right of the people to govern themselves and their party after this through district primaries," he said. Henry then submitted the minority report, requiring the chairman of the convention to recognize and enforce the unit rule except on states where delegates were instructed in their district primaries.

John W. Peck of Ohio denounced the minority resolution as artfully drawn. "It is aimed at Ohio. It is to prevent that unified action that has for years prevailed in Ohio delegations," continued Peck, amid hurrahs and protests.

Demonstration for Wilson.

Then Peck mentioned the governor of New Jersey. This was a signal for every Wilson delegate to jump on a chair and howl. They grabbed portraits of their favorite and swung them aloft. They shouted "Wilson! Wilson! Wilson!" until their throats were sore.

During a lull some one sprang to the steps with a banner bearing Wilson's likeness. The roar of cheers was renewed. Former Governor Warfield of Maryland rushed to a point near Chairman Parker's desk and swung a fan up and down. He marked time for the chanters. Then the Princeton students seized an orange and black pennant inscribed "Stanton, Va., Woodrow Wilson's birthplace," and trailed it along the gallery for a complete circuit of the hall. Hats, canes, umbrellas, coats were thrown in the air. The Pennsylvania delegation hoisted a black and white banner labeled "Give us Wilson." Two Keystone delegates marched over to Mr. Murphy and the New York delegation and shouted "Get in line, New York." Murphy shook his head. The Pennsylvanians then trooped over to the California delegation. The women members then flaunted in their faces orange and black banners labeled "Champ Clark" and shouted "We're for Clark! We're for Clark! Give us Champ Clark." Then the Alabamians swung a pennant labeled "What's the issue? The tariff. What's the answer? Underwood." With this they sought to coax Murphy and his 89 over from New York. Again did the New Yorkers sit silent and merely watched the circus.

Chairman Parker began by whacking his gavel 20 minutes after the attempted stampede began. He kept it up for 15 minutes more. Then came cries of "Sh! Sh!" from everywhere. When quiet had all but been restored, Chairman Parker uttered this rebuke: "I must insist that those stepping on the seats and chairs of members of the press shall cease. Some have been hurt. I also ask the spectators to take their seats as quietly as do the delegates."

It was 11 p. m. when Chairman Parker announced the roll call on the adoption or rejection of the minority report. The result of the vote was 556 1/2 yeas to 495 2/5 noes. Thus the unit rule was beaten by 60 1/2 votes.

Credentials Committee Reports.

Chairman Bell then submitted the report of the credentials committee, recommending that the Sullivan delegates from Illinois be seated. It recommended also that the delegates from Alaska placed on the temporary roll be seated. It settled the contests from the District of Columbia by recommending that two of the contestants be seated with one-half vote each.

Bel moved that the report be adopted, when Senator Lea declared that he desired to submit a minority report which would require considerable time for discussion, and moved an adjournment until two o'clock this afternoon. This was voted down.

Chairman Parker declared the convention adjourned until today.

DIXON STARS PLAY MORRISON SUNDAY

BROWNS PLAY IN FORRESTON, AND OUTLOOK FOR GAME HERE IS BUM.

The Dixon Stars will go to Morrison Sunday where they will play the Independents, the team they defeated here by a 9 to 8 score early in the month. Inasmuch as the Browns have arranged to go to Forreston on Sunday it is probable the local fans will have to do without their usual pleasure this Sunday.

The Stars will be at home the afternoon of the 4th, however, and no doubt will get some liberal patronage, as there will be nothing else stirring on that day. The Stars and Sterling Indians took up at the new park in Sterling in the morning, and both teams will come to Dixon for the afternoon game.

His successor has not yet been selected by Major Floyd, commandant of the academy.

Several new members were taken into the Fish club at last night's session, held at the Staples undertaking rooms, and the club members also received some encouraging news from Congressman John McKenzie, who has been instrumental in securing a promise for some black bass from the government bureau of fisheries. The congressman states that the fish will be shipped this fall.

STERLING WILL HAVE AUTO FIRE TRUCK

DOWNSTREAM CITY HAS PURCHASED A FINE FIRE FIGHTING MACHINE THAT WILL REDUCE FIRE INSURANCE.

The Sterling city council at its meeting Monday evening purchased an auto fire truck from the American-LaFrance Fire Appliance company. The truck is to cost \$5,500 and must be delivered in 90 days. The Sterling Gazette says of the truck:

In the opinion of the members of the fire and water committee as well as others who have investigated the American-LaFrance truck has no equal. The one purchased is known as a No. 10 combination. It is an 80 horse power machine, every part of the chassis fully guaranteed. It is equipped with a 50-gallon chemical tank and 200 feet of chemical hose as well as two 5-gallon chemicals for hand use. The body of the wagon carries 1500 feet of regulation fire hose, or more than is carried on the wagon now in use. There is a regular equipment of small ladders such as are now carried on the hose wagon, lanterns, axes, crowbars, etc., making one of the most complete fire fighting apparatus ever purchased.

Fully Guaranteed. The machine is guaranteed to go anywhere that a vehicle of any kind can go. An investigation of the auto truck purchased by Rochelle which is of a similar type, shows that during the heavier snows of last winter the truck tore through the drifts with ease, and it also went through mud to its hubs.

BARKOOT'S HIGH DIVER IS HURT

WOODY COOK, CHIEF OF BELLOIT DIVISION IN DIXON DURING HOME COMING, MET DISASTER IN BELLOIT—SKULL FRACTURED.

Beloit, June 25.—Several thousand people last night saw a thrilling and what may prove a fatal accident at the Barkoot Carnival company show here when Woody Cook, the high diver, plunged headlong from the top of a 60-foot ladder into a tank of water and fractured his skull.

The little platform on which Cook stood before making his leap into the basin of water had not been securely fastened and broke when he attempted to stand on it. Cook tried to spring out and dive, but the platform fell so quickly that he was taken unawares and fell head first.

The diver struck the tank with a terrible crash and before those who witnessed the accident came to his assistance he had taken in a quantity of water. He was removed to the Beloit hospital, where it was found that he had a fracture of the skull. He rallied during the night and today seemed to be a little better. There is a possibility that he may recover.

Credentialed Committee Decides Contested Illinois Delegates Entitled to Seats in National Convention by a Vote of 42 to 9—Police Control of the County Convention Was the Point Around Which the Contest Raged—Big Convention Adjourns to Eight O'clock in the Evening.

Baltimore, Md., June 27.—The master mind of William Jennings Bryan twice demonstrated its dominance in the deliberations of the Democratic national convention here.

First, the committee on permanent organization has decided to recommend Senator-elect Ollie M. James of Kentucky, a warm friend and supporter of Bryan, for permanent chairman of the convention; and second, the committee on resolutions, at Mr. Bryan's suggestion, has voted not to report a platform until after the nomination for president has been made—a radical change in procedure which has been endorsed by the committee on rules by a vote of 22 to 16.

In the meantime the committee on credentials became tangled in the contest from Illinois, and, being unable to complete its work in time for the meeting of the convention at noon, it sent a delegation to the convention hall to report the facts, and to ask for a recess until eight o'clock at night. The recess was taken at 2:17 p. m.

Bryan Obtains Free Hand.

Of the two events of the morning affecting Mr. Bryan the action of the committee on resolutions is considered the more important. The Nebraskan refused to accept the chairmanship of the committee, although implored to do so, for he said he might not find it consistent to support the platform recommended to the convention, and he wished to remain free to take such a course as the circumstances might demand.

Then the committee elected Senator John W. Kern of Indiana, another friend of Mr. Bryan, and a progressive, as chairman, and the "peerless leader" played the card which is expected to force the hand of the conservative faction. It is said he declines to be "jolted" along with the adoption by the convention of a progressive platform, and then have a reactionary nominated whose record would belie the party's declaration of principles.

No Sympathy With Majority.

Mr. Bryan said he was not in sympathy with the forces who appeared to be directing the trend of political events in the party, and he was not sure he could support the platform to be presented by the committee. He said that unless the platform embraced his ideas of true progress he would submit a minority report to the convention.

Not content to abandon so easily their harmony program, the committee turned the matter over to Senators Rayner, O'Gorman and Culberson, and they held an earnest discussion with Mr. Bryan in one corner of the room. Their efforts were fruitless; Mr. Bryan had announced his position and it was unalterable.

Senator Kern was turned to as representing the progressive Democracy, and there was no nomination in opposition to him. His election was unanimous, and the committee began hearings preliminary to closing the doors for the actual work of making the party platform.

Platform Framers.

Chairman Kern appointed the following sub-committee to frame the platform: Senators Culberson of Texas, O'Gorman of New York, Rayner of Maryland, Martin of Virginia, Pomeroy of Ohio, Representative Broussard of Louisiana, D. J. Walsh of Massachusetts, George W. Fithian of Illinois, A. M. Dockery of Missouri, and S. W. Belford of Nevada.

Platform Presentation Delayed.

As soon as the committee organized, Mr. Bryan moved the presentation of the platform be deferred until after the convention had nominated a candidate for president. The motion was ap-

Graves Center Social Happenings.

A day or two ago Charley Saal's team took a short vacation in the corn field. Charley could not go with them at the time of starting, but followed immediately afterward. A broken post, a few demolished weeds and pulverized clods were the only casualties. Charley was not frightened, but he was awfully scared, because he had never before seen a team run away in the United States. He further declares that "get-aways" like that are not "made in Germany."

A large circle of friends gathered in social convalescence at the home of Mr. and Mrs. Purcell last Sunday. A scramble lunch and lemonade alternated with remarks about the weather, vivacious political conventions, and kindred subjects.

Mrs. George Graves, wife of our energetic mayor, is rapidly recovering from a long, severe illness.

A member of our aldermanic board recently went to the cosmopolitan town of Nelson, inadvertently having a "high old time." Mayor Graves declares that if the incident is repeated, said alderman, whose residence is on Vesuvius avenue, will be compelled to resign his position on the aldermanic board, and no longer allowed to participate in affairs of municipal government.

Things are quiet in Graves Center this summer, owing to the absence of Fred Pitts' jumping mule. The good housewives telephoned about him, boys chased him, the farmers swore at him, engineers on passing big Z's squirted steam at him, quilting bees maligned him, but now that he is gone, everybody misses him.

Misses Helen and Mary Clark have gone to Sublette to attend a party given this evening by Miss Minnie Tourtellott at the Tourtellott farm.

The children of the primary department of the Methodist church greatly enjoyed the picnic held for them yesterday afternoon at Assembly park. A special car was chartered for the little folks, who by count numbered 96. Such a jolly time as they had will not soon be forgotten, and the picnic proper—which means to every child the luncheon—was all they could desire and they "ate and ate, and could not play very well afterward" as one small friend candidly informed us this morning.

Madden-Leydig.

Miss Eurith Madden, daughter of Mrs. William Madden of Van Buren avenue, and Louis Leydig were united in marriage this afternoon at 4:30 at the new home of the bride and groom, 1213 West Fourth street. The wedding was a quiet affair, only the relatives and a few friends being there. Rev. Clark of the Congregational church performed the ceremony. The bride was beautifully attired in a white serge traveling suit. The couple were attended by Miss Marie Madden, sister of the bride, and Louis May. Miss Marie was prettily attired in white.

The house was decorated in artistic taste, the colors being pink and white, roses and carnations being the flowers, with ferns.

After the ceremony a reception was held and at this time light refreshments were served. The decorations in the dining room were in pink and white, and were very beautiful.

Mr. and Mrs. Leydig left late this afternoon for a lake trip and will be at home to their friends after July 3rd.

Both these young people have many friends, being prominent in church and social circles. The bride is a most estimable young woman, whose popularity has been evidenced by the many pre-nuptial social events held for her. Mr. Leydig is a merchant in Dementtown and will receive the congratulations of many friends on the happy event.

Tragedy prevailed at the Sandusky-Portland cement plant. Some miscreant has stolen the one bat and ball of the Pennant Winners team, and sorrow is paramount. A reward will be offered for the apprehension of the thief if said bat and ball are not quickly returned.

It is probable by this time that Bill Bryan thinks there's no use of being boss of the democratic party if he can't tell it what to do.

Which reminds us that it's glorious to have such a big and strong country that it will survive no matter who is or who isn't elected president.

No wonder the people are bilious, with Bill Bryan, Bill Hearst, Bill Flinn, Bill Barnes, Bill Lorimer, Bill Sheehan and Bill Taft.

The Rockford firemen have as one man, had their heads shaved. Now wouldn't that be great stuff for Coffey and his gang. Too bad Kelley quit before such a thing was decided upon here, for we've always had an insane desire to view the true contour of his head.

We note by the Rockford Star that "electricity from high tension wires done considerable damage" at Cherry Valley.

The Sterling Gazette says that Seth Sellars of Milledgeville went to Morrison "between trains." One could almost make a wheeze out of that.

It is evident that a campaign is coming that will make those of recent years look very tame.

Fred Decrastos, Fifteen Years Old, of Springfield, Dies in Hospital From Accidental Revolver Wound.

Springfield, June 27.—Springfield's first Fourth of July victim of the year was claimed when Fred Decrastos, fifteen years old, died at St. John's hospital from the effects of a revolver wound inflicted accidentally by Smith Hawkins, a playmate. Hawkins was showing his friend the weapon which he had purchased for his Independence day celebration. He had forgotten he placed some cartridges in the chamber. When the weapon exploded it took off two of Hawkins' fingers and the bullet landed in Decrastos' stomach.

Sterling, June 27.—Lena Chalmers, aged eight, is lying at the home of her parents near Buda as a result of the stings of a nest of hornets.

William Lauren, aged ten, and Mary Huyck, seven, are seriously injured, the former perhaps fatally from the same cause. The children were playing in the woods near the Huyck home when they disturbed a nest of hornets.

The maddened insects attacked the children. Young Lauren fought them off and ran for assistance nearly a quarter of a mile away.

When help from the nearby farmhouses arrived the Chalmers girl was found unconscious from the stings while her companion was scarcely able to move.

824 Watches Are Found in Joliet.

Joliet, June 27.—Joliet township, with 50,640 population, according to the last census, has only 834 watches and clocks, a ratio of one to every sixty-one inhabitants. According to figures obtained by the assessor, the township's wealth has increased \$393,199 since last year.

JAMES IS NAMED AS CHAIRMAN

Continued from page 1

Proved a vote of 11 to 5. This proposal now will have to go to the convention for its approval, and if action there is favorable the precedent of many years will have been overturned.

Sullivan Men Seated.

Roger C. Sullivan and his associate delegates at large and the Sullivan delegates from the ten congressional districts in Cook county and two districts downstate in Illinois won another victory over Mayor Carter.

Harrison and his friends when the committee on credentials decided they were entitled to seats in the national convention. A minority report will be presented to the convention.

Several hours were given by the committee to the consideration of this contest, and Mr. Sullivan and Mayor Harrison, as the chieftains of the rival delegations, indulged in many personalities during the hearing.

Former Charges Repeated.

All the charges which were current in Chicago and in Peoria at the time of the county and state conventions were repeated here for the information of the credentials committee.

Mr. Sullivan and the other delegates at large were seated by a vote of 42 to 9. The Sullivan delegates from the Seventeenth and Twentieth districts were seated by a vote of 38 to 13.

The Twentieth is the home district of Congressman Henry T. Rainey, who championed the cause of the contestants, and the result, if sustained by the convention, will deprive him of a voice in the convention proceedings.

Those who voted against the Sullivan faction were: Little, Arizona; Creswell, California; Miller, Nebraska; Carney, Nevada; Kelly, North Dakota; Moses, Oregon; Young, Kentucky; McCormick, Pennsylvania; Whitmore, Utah, and Molina, Porto Rico.

Police Control Mooted Point. Police control of the county convention was the point around which the contest turned. It was contended before the committee that the Sullivan followers were unable to gain admittance to the county convention because of the activity of the police, which explained their action in going elsewhere to hold their convention.

Bryan Will Not Join Roosevelt. William Jennings Bryan will not join Theodore Roosevelt's third party. The erstwhile "peerless leader" will not be a party to a Roosevelt-Bryan, a Bryan-La Follette, or a Roosevelt-Bryan-La Follette combination.

This information was obtained from a westerner who is close to Bryan, and was forthcoming shortly after the commoner's separate conferences with Senator La Follette and with Francis J. Heney of San Francisco, Medill McCormick and Charles Crane of Chicago. The last three came here as messengers from Colonel Roosevelt for the specific purpose of attempting to induce the so-called progressive Democrats to join the colonel's "bull moose" party.

Bryan may change his mind, but there does not appear to be a sane politician in Baltimore this convention week who thinks it possible that he will.

Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. ON MOTOR BOATS (By George Fitch.)

A motor boat is a small, frail vessel, afflicted with a gasoline engine and an amateur mechanic. When the engine is in full cry and the mechanic is making threats, the boat sometimes develops a speed of 50 miles an hour in its effort to get away from both of them.

Motor boats are used by men fond of machinery, and keep them from taking more valuable things apart and repairing them. When a man has a motor boat and two bushels of tools he is perfectly happy and will not stay at home Sundays and attempt to dissect the plumbing or repair the furnace or tune the piano or revive the door bell. A very small boat with an engine in it two sizes larger than an alarm clock will keep two strong men busy all summer and will even prevent them from adding to the horrors of the campaign by talking politics—for motor boats take precedence over politics or the cost of living when two boat owners are conversing.

A motor boat is very simple, unlike an automobile, and can be started very readily by putting in a new spark plug, adjusting the vibrator, replacing the carburetor, repairing the feed pipe, tightening the propeller, renewing the batteries and straining the water out of the gasoline. When this is all done the boat will start immediately and proceed with the utmost carelessness to a point 11 1/2 miles from civilization, at which place it will go into a state of coma for the rest of the day. The man who tries to navigate any motor boat, no matter how expensive, without an auxiliary engine in the shape of a stout oar, is not wise.

Some motor boats are very powerful and have engines of 400 horse power, not only in strength but in stubbornness. It takes as long to start these engines as it takes the United States senate to get heated up over a brewery investigation, but when they are once in action the boat presents an inspiring sight as it leaps from wave to wave, throwing vast sheets of water on either side and sinking gloriously two miles from help. These boats are not comfortable, having only room for a mechanic and an accident policy, but they are the only craft made which are able to overtake a porpoise and butt him from the rear.

Motor boating is a fascinating exercise, and when the engine can be persuaded to do its share of the work, is also a very pleasant recreation.

Polkman Kicked to Death. Philadelphia, June 27.—Shot through the lung, Policeman John Dowling lay in the street here while a young thief named Walter Johnson kicked him to death in the view of a crowd of 200 persons, who were kept at bay by a revolver flourished by Johnson. The officer had arrested the young man for the alleged theft of a diamond.

IN GREAT DEMAND

Young men who have completed the courses of study prescribed in the University of Wisconsin college of agriculture are in demand at good salaries, according to the statistics of the college, says the Chicago Rec-

ord Herald. When the university closed in 1911 the demand for agricultural graduates could not be supplied and all the members of the year's class had found places at salaries ranging from \$600 to \$3,000 a year. Places that have paid \$450,000 in salaries could not be filled because of the lack of qualified men. This showing is an indication of a change that is coming generally in agricultural methods. Rule-of-thumb, haphazard methods will not do on the farm any more than in the well managed factory. There must be truly scientific farming, the combination of sound principles with the results of experience. Evidently the owners of farms see the change at hand and are eager to avail themselves of the knowledge possessed by the Wisconsin graduates.

DUEL HAS HAPPY ENDING.

At Edinburg two Italians met at midnight to settle a dispute. Having but one pistol they drew lots to see which one should shoot first. The winner fired and missed, and then politely handed over the pistol to his adversary. The second shot likewise proving abortive, the bloodthirsty combatants fell upon each other's neck, after which they quit the field arm in arm.

JUDGE 40 YEARS NOT CITIZEN

Racine Man Who Issued Many Marriage Licenses Makes a Discovery.

Racine, Wis., June 27.—Christian Berger, for 40 years an officer of the town of Waterford, Racine county, who has issued many marriage licenses, acted as court judge and appeared as a witness for many persons seeking citizenship papers, after a residence of 57 years in Racine county has discovered that he is not a citizen of the United States.

It is the opinion of many that all matters in which Mr. Berger acted in an official capacity are null and void and that many married people of Racine county will be affected by the discovery.

TO THE FRONT IN '61.

Interlaken, N. Y., Review: Chas. W. Dey of Dixon, Ill., writes us concerning an item in the Review of May 3 and 10, regarding the first company organized in Seneca county 51 years ago for the civil war, of which company Peter Woods of Ovid, Jas. McCullough of Ovid Center, Lon Lyon and Horace Mathew of Interlaken are the only survivors in this section. There are a few of that old company yet living, but in other states, whose address is not known.

Mr. Dey is one of them, and he writes: "It was and is my impression that the company left Ovid on Saturday, May 4, 1861, arrived at Elmira in the night and were quartered in a vacant store opposite the Brainard House; that the Chemung river was skimmed over and we broke the ice to get water to wash in."

TWO BOYS SHOT IN PLAY:

ONE MAY DIE

Fred De Crastos, the 12 year old son of Ed De Crastos, was accidentally shot through the stomach by Smith Hawkins, a playmate, and now lies at the St. John's hospital. Dr. H. H. Tuttle, the physician in charge stated that the boy's chances for recovery are doubtful and it is believed he will not live through the day.

Smith Hawkins, who discharged the gun, was shot through the left hand and will probably lose two fingers. He was taken to his home where the injured member was given attention.

Boys Enacting Hold-Up Scene.

Just how the accident started no one seems to know but it is believed by the father of the injured boy that Hawkins was showing his son how to operate a 32 calibre revolver in case of a hold-up. He stated that they were playing in his repair shop at Eighth and Adams street and he noticed Hawkins have a gun and enact a robbery scene, but he, not realizing that the gun was loaded, left them. De Crastos said that he had been gone about 15 minutes when he heard a report and rushing to where the boys had been he saw his son writhing and groaning with pain lying unconscious on the floor. He immediately called Dr. Tuttle, who ordered De Crastos to the hospital.

Undergoes an Operation.

The bullet entered the left side of the stomach, ripping the tissues and tearing the coating down to the base of the organ on the right side and lodged. An operation was performed last evening and the boy was resting easy.—Illinois State Journal.

TO SPEAK AT ASHTON.

States Attorney Harry Edwards has been engaged to deliver the address of the day at the Fourth of July celebration at Ashton.

GERMAIN, THE WIZARD COMES HERE AUG. 7

WONDERFUL CONJUROR TO ENTERTAIN ASSEMBLY-GOERS THIS SEASON.

A conjuror, it is said, must be able to show a varied pedigree. On his mother's side he must be a direct descendant of the witch of Endor; on his father's, of the witch of Merlin; he must have had Zorneborgh and Zykora for godfathers, and count Faust's witch among his cousins. In other words, he must be born to his profession.

Germain, the Wizard, who comes before the American public again, after a prolonged absence, and will appear at Rock River Assembly here on August 7th, truly possesses this qualification. A deep student of the occult from boyhood, he has spent all his life in exploring those enchanted realms of marvel and of mystery which remain to most mortals only the subject of vague speculation and wondering fear. He now presents the result of years of studious application, ingenious invention and daring research in the form of a charming entertainment entitled "Enchanted Hours."

Returning as he does, from a highly successful tour of all the principal cities of the United Kingdom, and a protracted engagement of a year at Maskelyne and Devant's, St. George's, formerly Egyptian Hall, London, for the past three generations the world's home of mystery, it suffices to say that in the hundreds of American cities where he has appeared in former years, he is remembered as the peer of all wizards.

Since his debut in the Lyceum in 1898, Germain toured under almost every representative bureau management in this country and appeared in all the larger cities and towns from Florida to Vancouver, California to Maine.

Germain will also be accompanied by an excellent piano soloist as well as an assistant in charge of his elegant and elaborate stage settings. At Rock River Assembly, August 7th

GAVE SCHOOLS NO MENTION

The Mt. Carroll newspapers refused to make any mention of the graduating exercises of the public schools of that place. They refused to say a word about the class, any social functions connected with the commencement or even the baccalaureate sermon. This is all due to the fact that those in charge of the printing sent it out of town and did not even give the Mt. Carroll newspapers a chance to figure on the printing.—Ex.

FORBIDS EXHIBITION OF ROBBERY PICTURES

Sioux City, Ia., June 27—Owners of motion picture houses got a jolt Saturday when the word was passed out to all of them in a formal order by the chief of police that no more films would be allowed to be shown that portrayed holdups, robberies or discharge of firearms. The managers are thoroughly angry and disposed to make a test case and see if the chief has the backing of the law in the order.

NEW STOMACH RELIEF GETS COUNTRY WIDE ENDORSEMENT

The new remedy for indigestion called "Digestit" has been found a certain quick relief and permanent remedy for stomach disorders. Letters from thousands who had suffered the tortures of indigestion and got relief from the use of Digestit are evidence of its merit. The enormous increase in demand from every part of the country is proof of its popularity. But you do not have to take anybody's word for it—try it yourself.

on an absolute guarantee, get a package and if you don't get relief you can get your money back for the asking. Brown's Digestit is a little tablet easy to swallow and absolutely harmless. It digests all the food, prevents fermentation, stops gas formation, prevents stomach distress after eating, aids assimilation, relieves indigestion almost instantly and cures dyspepsia.—50c. Rowland Bros.

Don't Get the Present.

When a three-year-old girl who lives in Twenty-fourth street was advised by her mother that the next day was the day to go to Sunday school, she opened her large, blue eyes wide and rather forlornly remarked, "Every Sunday when they call my name I say 'Present,' but they haven't given it to me yet."

In the same Sunday school, not long ago, Mrs. Thomas R. Marshall was teaching the Sunbeam class a lesson on King David, and, endeavoring to see how much of her instruction of the previous Sunday had not been lost, asked: "Who was our lesson about last Sunday?" No answer. "Don't you remember the handsome young man we talked about?" After a few moments one little hand went up. "Well, Mary?" asked Mrs. Marshall. "I don't remember his name," said Mary, "but he was the boy that killed the janitor."—Indianapolis News.

Saved the Cat's Life.

A cat that was sunning itself on a platform before a store in Barclay street suddenly arose, stretched and walked to the exact middle of the street, where it lay down on the wooden pavement, relates the New York Tribune. A truck came rapidly down the street, but the driver saw the sleeping animal and turned his team aside. The cat never so much as wiggled an ear. The first vehicle was followed by a second, the driver again avoiding a fatality. Several wagons passed and the cat still remained unscathed. Then a man who had been watching from the sidewalk, picked a banana peel out of the gutter and threw it at the cat, waking it up and sending it scurrying to a nearby doorstep. "A cat has only nine lives," the man said, "and eight wagons have barely missed running over it. I thought I had better save its last life before the next truck passed."

Wouldn't any woman be happy. After years of backache suffering. Days of misery, nights of unrest. The distress of urinary troubles. When she finds freedom.

Many readers will profit by the following:

Mrs. C. Charlton, 77 Peoria Ave., Dixon, Ill., says: "All the people to whom I have recommended Doan's Kidney Pills have found them satisfactory. It gives me pleasure to confirm all I said about this remedy when I first endorsed it. I had suffered for quite a long time from pains in my back and sides and they were particularly severe at night and early in the morning. After stooping it was hard to straighten and my kidneys were unnatural. Finally I heard about Doan's Kidney Pills and got a supply at Leake Bros. Co.'s Drug Store. It did not take them long to give me relief."

Convention Hall, Baltimore, Md., June 27.—After a four-hour session, the sub-committee on resolutions, engaged in drafting the Democratic platform, adjourned at 12:15 this morning, without having completed their task. They reassembled today.

Senators Pomeroy, O'Gorman and Martin, all members, agreed in an opinion that the committee will not complete its work until tomorrow.

William Jennings Bryan, John W. Kern, chairman, and the nine other members of the sub-committee, worked behind closed doors in parlor A of Convention hall.

Bryan Reports Progress.

The first word from the committee was brought out by Mr. Bryan when he left the room shortly after ten o'clock, to speak to a friend. At that time he told the newspaper men that things were progressing finely.

Several politicians visited the room to submit plans for planks, and among the earliest of the arrivals was Isidor Rayner, senator from Maryland. He frankly avowed that he has a plank which he hopes to see incorporated in the platform.

Senator-elect James K. Vardaman of Mississippi was a frequent visitor. When he finally left the room he was asked whether he was there opposing any Bryan plank.

"No, I am not opposing him," he said. "They are getting along splendidly. Bryan tonight is the most docile, lovable, sweet-tempered man I have ever seen."

"They have no draft of a platform from which to work, but are taking the matters up under separate heads, and disposing of each subject separately."

Beckham Demands One Term.

Former Governor J. C. W. Beckham of Kentucky has suggested the insertion of a plank providing that if a Democrat were elected this year he should be ineligible for a second term.

Delegate Strong of Alaska wants a plank favoring the opening and protection of the coal lands of Alaska by the government, in order to stop the migration of Americans from Alaska to the British possessions.

Edward T. Cahill has presented a plank favoring deep waterways from the great lakes to the gulf. Senator William Green of Ohio said that if a plank were inserted in the platform in behalf of the conservation of coal and the lives of coal miners it would appeal to 2,000,000 men.

J. Jerome Rooney of New York says that the tariff plank should be a tariff-for-revenue-only one. Franklin Pierce of New York asserted that the party had lost hundreds of thousands of votes for not coming out in favor of the improvement of American shipping and the upbuilding of the American marine.

Commission Form Rule Is Hit.

R. G. Brown of the District of Columbia says the residents of the district are practically without the rights of American citizens under the commission form of government. He wants something in the platform opposing this.

Dr. Harvey Wiley has sent a telegram to the committee suggesting that the Democrats favor pure food legislation.

Three negroes have asked that a plank be put in the platform guaranteeing them equal rights before the law. They assert that this would mean 300,000 votes for the Democratic candidate.

Mr. Bryan's associates on the sub-committee are: C. H. Culberson of Texas, James A. O'Gorman of New York, Isidor Rayner of Maryland, A. M. Dockery of Missouri, David I. Walsh of Massachusetts, Atlee Pomeroy of Ohio, Thomas S. Martin of Virginia, Samuel W. Belford of Nevada, Robert F. Broussard of Louisiana and George W. Fithian of Illinois.

Aviator Grahame-White Weds.

London, June 27.—Compelled by gusty winds to resort to the plebeian automobile, Aviator Claude Grahame-White and his fiancée, Miss Dorothy Taylor of New York, motored to Chelmsford, where they were married today. Both were keenly disappointed by the necessary change in their plans for flying to the altar.

Solid As a Rock!

Here is the absolutely new anchoring device used only on the old reliable Saginaw Silo, which makes it as solid as one piece of granite—as unmovable as a mountain. It is our **Handy Hoop Anchoring Hoop**, which circles the inside of the silo above the silage and directly opposite the top outside hoop. It supports any stave that might loosen and prevents them falling inward. Once in place, it needs no attention, no adjusting. Cables from anchoring points to ground rods complete support that dynamite could hardly move. No loose staves! No falling in! No blowing down! Write today for details.
